Rules & Regulations

Displaying Permits
Vehicles parked on UT Dallas property must display a valid UTD parking permit for the section where the vehicle is parked at all times. Parking permits must be affixed to the windshield on the lower inside corner of the driver’s side. Parking permits are repositionable DrySeal decals so that you may transfer your permit between any registered vehicles. Knowing parking rules and regulations will help you have a positive experience on our campus. Please visit utdallas.edu/parking for additional information and parking updates.

Refunds
- Students who leave UT Dallas prior to the Spring Census Date are eligible for a prorated refund.
- Faculty or Staff members who will no longer be parking a vehicle on campus may request a prorated refund.

Motorcycle & Open-Air Permits
- Drivers who purchase a campus parking permit may receive one motorcycle/open-air vehicle permit at no additional cost for their additional vehicle. Proof of ownership for both vehicles is required. Drivers with residential permits must pay for any additional permit for their vehicle.
- Parking permits suitable for outdoor use on an open-air vehicle are available at the Parking and Transportation Office.
- Motorcycle parking permits must be displayed on the outer right section of the motorcycle fork. Open-air vehicle permits must be placed on the back of the center rearview mirror.

Lost, Stolen, Voided, or Suspended Permits
- Lost/stolen permits must be reported to the Parking and Transportation Office no later than by the end of the next business day, after the day that the permit is lost/stolen.
- Lost/stolen permits may be replaced at a prorated price. The permit holder must appear in person to request a replacement.
- The registered parking permit owner is responsible for any citation associated with the parking permit until the permit is reported lost/stolen to the Parking Office.
- Displaying a lost, stolen, voided, or suspended permit may be grounds for disciplinary actions in violation of the student conduct code, and/or faculty and staff disciplinary policies.
Census Day
• From the first day of classes until Census Day of Fall and Spring semesters, commuter students may park in Green spaces without a permit, and housing students may park in their respective parking lot without a permit. On Census Day, full enforcement will be in effect for all parking spaces.

Housing Parking Permits
A valid UT Dallas housing parking permit must be displayed on any vehicle parked at the housing facilities. Visitor permits will not be issued to residents.
• Campus residents are allowed to purchase one housing parking permit and may only park one vehicle on campus at any time.
• Housing students must park in their respective housing facility parking lots. There is no covered parking available to housing students.
• Campus residents may also purchase a Gold, Evening Orange, or Orange permit in addition to the required residential permit. Campus residents are not eligible for Green parking permits. Residents may not use these permits to park overnight on campus. Overnight parking is only allowed in housing lots with an appropriate housing permit.

Handicap Parking Permits
• Students, faculty, and staff bearing a state-issued handicap placard or plate must register with the Parking and Transportation Office to purchase a UT Dallas handicap parking permit and use designated campus handicap parking. An official University handicap permit must be displayed along with the state-issued handicap placard or license plate.
• Students, faculty, and staff who use either the long-term (blue) or temporary (red) handicap hangtag placard are required to present a copy of the TxDOT Form VTR-214 to the Parking and Transportation Office in person or by email. For students, faculty, or staff with a special license plate (e.g. Disabled Veteran), tax office receipts may be used for verification.
